

YEAR 1 news

SPRING TERM 1 TOPIC

Our new topic is 'Toys'. We will start by looking at our own toys comparing them with toys from the past. We will look how we can place toys on a simple time line. The children will use language such as 'old, new, compare, sort'. We will find out about 'Teddy Roosevelt' and compare old bears to a teddies today. We will look at toys in 'living memory' The children will compare the toys they had as babies, toddlers, children and in the future teenagers.

In Science we will explore materials and how they are used for different purposes when making toys. We will look at what different materials are called and the properties they have. In Design and Technology the children will be designing and making their own toys.

WOW days

On Friday 4h January we will be having a toys WOW day!
The children are invited to bring in their favourite toy from home.

Days Out!

On Monday 7th January the children will be visiting the Peterborough Museum to explore toys from the past. School will provide their packed lunch that day.

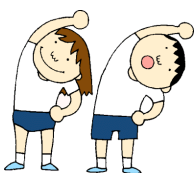

ONCE UPON A TIME..... ! Book week!

During the week of the 21st JANUARY we will be having the author Michael de Souza visit the school. Please look out for further book week activities.

New Year, New Challenge!

We hope you will continue to fully support your child with their reading. Remember to carry on reading with your child over the Christmas Break. Mathletics homework will be set. We're sorry if you are experiencing problems with Mathletics. If you are you can ring their helpline on 0117 370 1990 or email them at support@3learning.co.uk

Please don't forget to make sure your child has a named PE kit in school each week. We have had a few unnamed items floating about.

Thank you,
Year One team
